About this volunteer role

Our team provides holistic experience, creative development and friendship for adults with learning disabilities/difficulties and ASD (Autistic Spectrum disorder). Our adult placements are at the centre of the work we do and the services we provide. All activities are inspired by and, indeed, take place in and around our working farmyard, gardens, cafe and popular visitor centre.

As a Placement Support Volunteer, you will provide individual assistance to people with learning difficulties/disabilities who attend the farm, by supporting them to accomplish their routine tasks. Our trainees work in various areas of the farm, including livestock, horticulture, catering and cooking, arts and crafts, photography and creative arts. Volunteers are required to work directly with trainees to assist in promoting skills development, lift their spirits and encourage independence by ensuring the process is enriching. Specific tasks will depend on the needs of the work area and abilities of the person with disability. Volunteers are allocated no more than two trainees to work with throughout the session.

As a Woodwork/Carpentry Placement Support Volunteer, you will draw on your individual skill/talent to support wood work workshops for adults with learning difficulties/disabilities on Tuesday afternoons.
